How We Solve the Piano Problem

You want a Piano. You realize its importance in your home and as a factor of in your children's education.

Naturally you want a proved instrument-the best. Naturally you want to buy it at rock bottom price. You want to buy it with the least strain on your income. Now listen a minute:

The Moses line embraces a large number of old and

standard makes-the styles reach up into the hundreds. For upwards of a quarter of a century of uninterrupted business, we have sold good Pianos-have learned a world about them. We have always talked and sold quality, first and last.

These years of service, plenty of ready money, shrewd buyers, and buying ahead in vast quantities, enable us to put the prices lower than other dealers—to give you inside figures. Now here's the Moses line, and perfect Piano satisfaction will be yours if you buy one:

Steinway Hardman Kimball

Wheelock Standard Stuyvesant Haines Weser Brewster

But we sell more than Pianos. Every known musical instrument is sold by us. Among them the Metrostyle Pianolas, the Kimball Organs, Victor Talking Machines, and all varieties of stringed instruments.

Our system of easy payments makes it possible for you to own any of them. We take your old Piano or Piano-Players in exchange. Call in to-day. Write for catalogue,
